CAN YOU RESTORE YOUR FILES?

HAVE YOU EVER LOST IMPORTANT DATA?

IF YOUR HARD DISK DIES, ARE YOU PROTECTED?

Mann provides offsite back up for all your computers. For less than \$1/day per device, you can back up your computers and servers to multiple secure offsite locations. Storage is pooled amongst your enrolled computers, and we provide you with an installer and instructions to quickly get started. You'll also receive a weekly report for all computers in your organization. Restore from anywhere, and no more "Friday hard drive" reminders.
